Get ready for the bright future of Lighting & Electronics industry

By **Ishita Chaturvedi** - July 19, 2023

95 0

The highly anticipated trade fairs, Smart Lighting India Expo and ElectroTech Expo are taking place in New Delhi from 10-12 August 2023 at Pragati Maidan Exhibition Centre. Bringing the entire value chain of lighting and electronics technologies, the co-located trade fairs will gather over 10,000 trade professionals and over 160 exhibitors in just three business days.

Attendees from across India can expect to source innovative solutions for [LED lighting](#), architectural & decorative lighting, indoor/outdoor lighting, intelligent lighting systems, IoT smart solutions, smart controls, electronic components, and [semiconductors](#) industries and much more. Organised by Manch Communications in association with NAREDCO, under the aegis of Ministry of Housing & Urban Affairs, the trade shows aim to accelerate technological advancements in the sectors.
